Growth Mindset

Instead of...

This is too hard

Say this...
It will get easier the more I practice

I don't know how

I can learn how

I give up

I will try another strategy

I'm afraid of making mistakes

Mistakes help me learn and grow

I'm not good at this

What things can I do to get better at this?

addend

addition sign

equal sign

sum

$$4 + 7 = 11$$

SUBTRACTION

Parts of a number sentence.

minuend

subtrahend

difference

subtraction sign

equal sign

$$11 - 8 = 3$$

MULTIPLICATION

Parts of a number sentence.

factors

multiplicand **multiplier** **product**

$$6 \times 4 = 24$$

multiplication sign **equal sign**

The diagram illustrates the components of the multiplication equation $6 \times 4 = 24$. The word "factors" is written in green at the top, with two green arrows pointing down to the numbers 6 and 4. The word "multiplicand" is written in orange to the left of 6, with an orange arrow pointing to 6. The word "multiplier" is written in orange to the right of 4, with an orange arrow pointing to 4. The word "product" is written in orange to the right of 24, with an orange arrow pointing to 24. The word "multiplication sign" is written in orange below the $\times$ symbol, with an orange arrow pointing to it. The word "equal sign" is written in orange below the $=$ symbol, with an orange arrow pointing to it.

DIVISION

Parts of a number sentence.

dividend

divisor

quotient

$$15 \div 3 = 5$$

division sign

equal sign

Parts of Speech

Common Noun

A common noun is the general name of a person, place, or thing. It does not need to be capitalized.

school

books

person

Proper Noun

A proper noun is a specific name of a person, place, or thing. Proper nouns must start with a capital letter.

Statue of Liberty

Selma Smith

Mexico

Verb

A verb is used to describe an action, an occurrence, or a state.

jump

bark

dance

Adjective

An adjective is a word that describes a noun or pronoun.

blue

bright

brave
